PROFESSIONAL SUMMARY

Diploma student in Food Science and Technology with solid grounding in Food Safety, Quality Control, Processing, Preservation, HACCP principles and 5S methodology. Actively combining academic food technology fundamentals with digital execution in AI automation, workflow optimization and data modeling. Seeking entry level opportunities to contribute to quality assurance and production operations within the Bangladesh food processing industry.

EDUCATION

Diploma in Engineering in Food Science and Technology, Naogaon Polytechnic Institute (NPI) — *Apr 2024 to Present*

GPA 3.50 (Ranked 2nd in Department, Nov 2024)

Key Coursework includes Food Processing Technology, Quality Control, HACCP Principles, Laboratory Instrumentation, Food Preservation, Industrial Safety.

Secondary School Certificate (SSC), Govt. Laboratory High School, Rajshahi — *2016 to 2024*

GPA 3.94 (Passing Year 2024)

Concentration in General Science, Mathematics, Physical Sciences and Information and Communications Technology (ICT).

SKILLS

Food Technology and Operations Food Safety (HACCP, ISO 22000 Baselines, 5S Methodology), Food Processing and Preservation (Thermal Lethality, HTST, Retort, Freezing and IQF, Dehydration), Quality Assurance and QC Swabbing, Cold Chain Telemetry, Supply Chain Traceability (FEFO and FIFO).

Digital Productivity and Systems AI Tools, Workflow Automation (Webhooks, Google Workspace Automation), Spreadsheet Analytics (Excel Data Modeling, Pivot Tables, Formulas), Quality Assurance Digital Logging and Real Time Alerting.

Languages Bengali (Native), English (Professional Proficiency), Urdu (Conversational).

PROJECTS

Preventive Food Safety and Digital HACCP Architecture (Quality Assurance)

Formulated hazard profiling, critical control points (CCPs) with thermal kill step criteria, floor 5S sanitation inspection checklists and corrective action and CAPA escalation procedures to preserve regulatory compliance.

Smart Quality Logging and Automated Non Conformance Alerting (Automation and Webhooks)

Built digital mobile entry forms with validation constraints and automated webhook triggers for instant supervisor notifications and spreadsheet field loss analytics.

Analytical Spreadsheet Modeling and Process Control (Excel Analytics)

Developed structured spreadsheet data templates for tracking quality test parameters, recipe scaling and batch cleaning evaluation.

TRAINING AND CERTIFICATIONS

- **Government Authorized AI Course**, Foundational AI and digital productivity training (Aug 2026)
- **Seminar on Off Grid Systems and Organic Farming**, Sustainable agricultural systems (Feb 2026)
- **Govt. Authorized Food Processing Basics Course**, Fundamental food processing and preservation techniques (Nov 2025)
- **Career Guidance Seminar**, NPI Career Club (Nov 2024)
- **Basic Computer Training**, MS Office Site (Nov 2023)

LEADERSHIP AND EXTRACURRICULAR INVOLVEMENT

- **Active Member, Bangladesh Scouts, NPI Unit** (Field leadership, expedition logistics, team problem solving and crisis discipline)
- **Active Volunteer, Bangladesh Red Crescent Society** (Humanitarian relief, emergency response coordination, public health and sanitation)
- **Member and Contributor**, Sholo Magazine (Youth development and community perspectives)
